

PRINTFRAME™

Graphic Frame Display

The PrintFrame™ displays posters and printed graphics simply and stylishly. Its spring-tension, easy-open features makes insertions a “snap” and holds graphics firmly in place.

Utilizing the PrintFrame’s 1-3/8” spring-tension frame technology, the A-Frame™ is a portable graphic display solution that collapses to just 3-3/4” depth and is easy to carry.

Available in Stylmark’s wide variety of colors and finishes, both the PrintFrame and A-Frame will integrate into any retail or commercial setting while providing an elegant complement to any graphic presentation.

High Impact Graphic Solutions

Stylmark’s new graphic displays product line includes a broad offering of backlit displays and light boxes, graphic frames, and frameless fabric displays.
