

# Curving

Bring it all together with a few carefully placed curves. Stylmark is able to curve virtually all of our products to meet your radius requirements. Simply provide us with dimensions as indicated below and watch your design come to life!

## Required Information:

- Trim Maker part number
- Orientation of part to be curved
- Radius (IR)
- Arc Length (S)
- Chord (c) or Included Angle (α)
- Straight Length (L)

## Notes:

- Customer templates are not required
- Provide AutoCAD® or SolidWorks drawing if available
- For architectural trim applications, mount plates may need to be sectioned to accommodate the radius
- The maximum amount of usable material per 12' length after curving is 108"
