Stylmark Installation Instructions: PrintFrame™ - 1 3/8" Double-Sided

Step-by-Step Instructions –Suspended Mounting Option

Note: This option should be requested at time of order.

1. Hanging loops are attached to the unit when constructed. Attach appropriate hanging hardware (chain, cables, etc.) to suspend unit. **See Figure 5.**

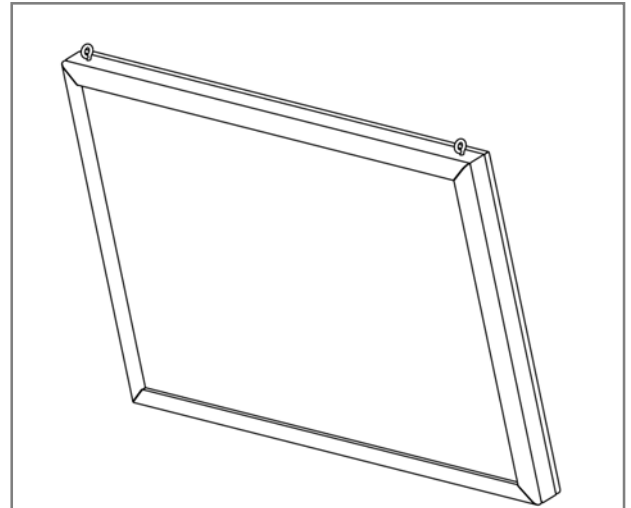

Figure 5

Step-by-Step Instructions – Corner Alignment:

If the frames have migrated during shipping and look similar to the “before” picture in figure 7, follow these steps to correct the alignment. .

1. Open back all four sides of the frame. **See Figure 2.**
2. Wiggle one frame section opening and closing as you slide the edge of the frame to match up with the edge of the sign body extrusion. **See Figure 6.**
3. Close the frame and proceed to an adjoining frame section until all four sections are closed and the corners match up. **See Figure 7.**
