Stylmark Commercial Display Instructions

GETTING STARTED - When using an electrical furnishing, basic precautions should always be followed, including the following:

DANGER – To reduce the risk of electrical shock, connect this furnishing to a properly grounded circuit.

WARNING - To reduce the risk of burns, fire, electrical shock or injury to persons:

- Use this furnishing only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.
- Do not use outdoors.
- Each surface intended to support a load shall have a corresponding statement in the use instructions specifying the maximum intended load for that surface in pounds.

STEP-BY-STEP INSTRUCTIONS:

1. Disconnect from branch circuit before servicing any parts.
2. Use this product only for its intended purpose as described in these instructions. Do not use attachments not recommended by the manufacturer.
3. Maximum electrical ratings for the following models:
 - 620118 - 36W @24V
 - 684308 – 36W @ 24V
 - 684328 – 36W @ 24V
 - 684348 – 36W @ 24V
 - 684368 – 36W @ 24V
 - 684378 – 36W @ 24V
 - 684388 – 36W @ 24V
4. Never operate this product if it damaged or is not working properly, or if it has been dropped or damaged in any way. Return the product to the manufacturer for examination or repair.
5. Do not clean by spraying cleaners directly into electrical connections.
6. Do not allow spilled liquid to fall into the LED lighted area.
7. Do not use outdoors.
8. Do not exceed the maximum shelf load indicated on the shelf.

WARNING - Risk of injury - Keep children from climbing on or playing with display shelving.

OPERATING INSTRUCTIONS

These fixtures must be wired by qualified electrical technicians meeting all required local and national codes. **See Figure 1** for general branch circuit connections.

GROUNDING INSTRUCTIONS

This product must be connected to a grounded metal, permanent wiring system, or an equipment-grounding conductor must be run with the circuit conductors and connected to the equipment-grounding terminal or lead on the product.
